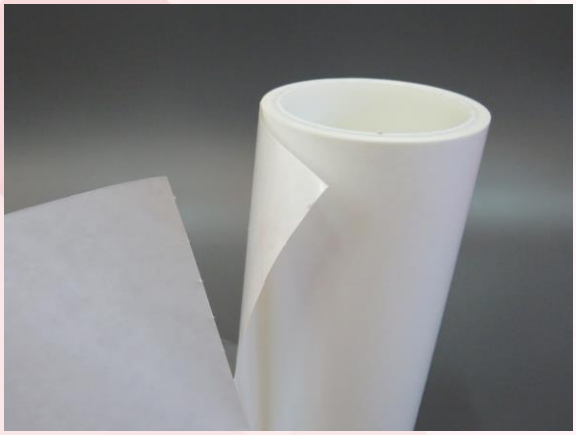
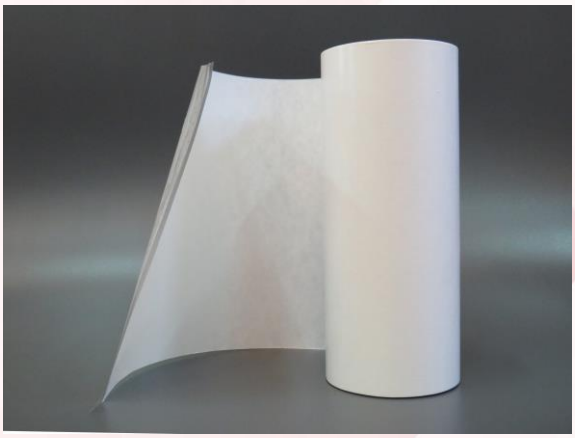
BAND CLEANER

CONTINUOUS CLEANING





INNER DIAMETER	FORMAT	METRES
76	Smooth	20m
	70 sheets	23m
152	Smooth	40m
	70 sheets	42m

MAIN CHARACTERISTICS

- Available in **standard widths** from 120mm to 1500mm and **cut to size**
- Availability of rolls with **pre-cut** and **without pre-cut.**
- The core is made of **high impact polystyrene**, which provides mechanical rigidity to the roll.
- The paper is **moisture resistant** to ensure that the material remains stable during transit, storage, and use. **Non-stick coating** allows for easy controlled unwinding.
- The adhesive layer is designed to ensure **effective cleaning** and also offers the maximum "deposit" to absorb contamination.
